New Dentist Rooftop Reception  CDS Picnic at Brookfield Zoo  Back to School
Regional Meeting

Current Concepts in Minimally Invasive Dentistry

presented by

RON KAMINER, DDS

WEDNESDAY, NOVEMBER 2

9 a.m.-2:30 p.m. • Drury Lane, 100 Drury Lane, Oakbrook Terrace

5 CE HOURS • Register online at on.cds.org/regional

TOPICS TO BE COVERED INCLUDE:

- Cariology: A true understanding of dental disease
- Chemotherapeutics: What is the right way to kill the bugs?
- Predictable early caries diagnosis
- The best restorative materials for minimally invasive preparations
- Ideal matrix band for perfect contacts
- Oral cancer detection, how and why?
- How to predictably eliminate white spots
- Minimally invasive periodontics – maximizing hygiene production
- Dental lasers – separating truth from hype
- Current concepts in tooth whitening

INTENDED AUDIENCE:

General practitioners, dental assistants and dental hygienists

About our speaker

Dr. Kaminer is an international expert on dental lasers and has written about and lectured on lasers and minimally invasive dentistry. He is the director of the Masters of Laser training program in New York and is a clinical instructor with the International College of Laser Education.

About CDS meetings

Regional Meetings are free to CDS members and their staffs, as well as dental hygienist members of the Illinois State Dental Society. A fee of $250 is charged to dentists who are not ADA members. The fee may be applied to membership for the current year.

Advance registration is not required to attend. On-site registration begins at 8 a.m. Registration for Regional Meetings ends 30 minutes after the start of the program.

Each attendee is issued a badge with a barcode that captures the time of entry. Badges are scanned at the end of the program as attendees leave. No partial credit will be issued. CE credit forms will be emailed to registered attendees after each meeting.
ADA offers convenient, safe credentials portal

CDS MEMBERS CAN CONVENIENTLY enter, store and update their professional dental credentials all in one place on the new American Dental Association Credentialing Service found online at http://on.cds.org/adacred.

The secure site is designed to make professional credentialing easier and faster and help streamline submittal of application data to third-party payers, hospitals and employers.

Member profile data is pre-populated with information from the ADA, saving users time spent completing credentialing forms. The ADA Credentialing Service automatically sends out reminders when licenses or certifications are due to expire.

Order NCDHM supplies for school presentations

FEBRUARY MAY FEEL LIKE IT’S STILL FAR OFF, but now is the time to start planning for National Children’s Dental Health Month.

CDS tri-partite members in Cook, Lake and DuPage counties may request up to 144 toothbrushes and tubes of toothpaste for use in school and community presentations that promote good oral health to children. Oral health discussion guides are also available to members. They are organized by grade level to help members prepare for classroom presentations.

Members can request supplies at www.cds.org/kids. Complete the online form to request supplies. Postcards will be sent to your dental office as a reminder to request supplies.

CDS introduces an online forum for new dentists, dental students

The Chicago Dental Society is building an online community to help serve those at the beginning of their careers. New dentists and dental students now have a place they can go to find out and to speak out. CDS Online Voice is a growing resource that lets you do both.

Find everything from professional help to sharing with your peers. Submit content to CDS to share on the blog. Start discussions about your profession and your interests on the forum page where users create the content. It is your place to have a voice.

Users also will discover valuable information in a quick and easy-to-find format, including job opportunities, upcoming events and member benefits.

Come take a look today. Share with your peers and be a part of your growing dental community. Check it out at www.cdsonlinevoice.com. CDS members will be emailed the PIN number to access the forum. If you do not receive the email, please email cdsvoice@cds.org for your PIN number.

Election of CDS officers is at Nov. 2 Regional Meeting

The Chicago Dental Society will hold its Election of 2017 Officers Nov. 2 during the Regional Meeting at the Drury Lane in Oakbrook Terrace. The officer nominees are:

• Phillip Fijal, president
• Louis Imburgia, president-elect
• Cheryl Watson-Lowry, secretary
• Terri Tiersky, vice president
• Dean Nicholas, treasurer

The Installation of 2017 CDS Officers ceremony will take place Sunday, Nov. 6, at The Ritz Carlton Chicago, 160 E. Pearson St., Chicago. A welcome reception begins at 6:15 p.m., followed by the installation at 7 p.m. A special dessert reception concludes the evening festivities at 8 p.m.

Clarification

A story on opioids in our May/June 2016 issue misstated the scope of prescriptions for Vicodin in the United States a few years ago. The number of prescriptions – 132 million – is the equivalent to a third of the nation’s population, but does not mean that a third of the population was prescribed the drug.
Caution + control:
Reducing employment liability

The combination of changing employment laws and a litigation-conscious public can be intimidating. And, it's even more so when dental practice employees are prepared to take legal action if they feel an employer breached their rights. Our latest seminar, designed from TDIC’s Employment Practice Liability (EPL) claims experience and calls to our Risk Management Advice Line, will show you how to handle employment concerns. Gain the caution and control to navigate past potential employment practice violations such as pregnancy discrimination, termination and sexual harassment.

Get expert advice while earning C.E. credits and a 5% Professional Liability premium discount for two years.

After course completion, you will better understand how to:
- Establish effective hiring and performance review practices.
- Provide employees with a fair and rewarding work environment.
- Implement controls to prevent situations that lead to EPL claims.

Learn more at tdicinsurance.com/seminars

Visit tdicinsurance.com/eLearning to explore convenient eLearning options.

*Due to the sensitive nature of the issues being addressed and our employer-oriented approach, this course is available to dentists and their spouses only.

Protecting dentists. It’s all we do.

MORE INSIGHT

helps you make the most of your practice’s cash flow.

KNOW YOU HAVE A DEDICATED BANKER WHO UNDERSTANDS YOUR INDUSTRY AND YOUR NEEDS.

As a healthcare professional, you want to spend more time helping patients and less time worrying about your finances. With dedicated Healthcare Business Bankers, PNC provides tools and guidance to help you get more from your practice. The PNC Advantage for Healthcare Professionals helps dentists handle a range of cash flow challenges including insurance payments, equipment purchases, and managing receivables and payables. In such a fast-moving business, PNC understands how important it is to have a trusted advisor with deep industry knowledge, dedication and a lasting commitment.

Cash-Flow Optimized is a service mark of The PNC Financial Services Group, Inc. ("PNC"). Banking and lending products and services, bank deposit products, and treasury management services, including, but not limited to, services for healthcare providers and payers, are provided by PNC Bank, National Association, a wholly-owned subsidiary of PNC and Member FDIC. Lending and leasing products and services, including card services and merchant services, as well as certain other banking products and services, may require credit approval. All loans and lines of credit are subject to credit approval and require automatic payment deduction from a PNC Bank business checking account. Origination and annual fees may apply. ©2015 The PNC Financial Services Group, Inc. All rights reserved. PNC Bank, National Association. Member FDIC.
Give and you’ll get back more

In July, I discussed the importance of giving back to our profession, our society and our world in general. I mentioned how our great country and our great profession were built on respect, dedication and giving back.

Our profession has always exemplified this spirit of volunteerism. And we do give back. The record of volunteering our services surely helps dentistry rank extremely high in rankings of best jobs and professions. U.S. News & World Report ranked dentist as the second best job in its annual list of 100 best jobs; orthodontist was ranked first.

My previous column did not mention what you get in return for volunteering. When you volunteer, you receive love, gratitude, respect and something difficult to describe – self-gratification.

While volunteering at the Illinois State Dental Society’s Mission of Mercy in July, I realized how much our profession gives back to society. It’s gratifying to be able to make patients smile again and feel good about themselves, allowing them not to cover their mouths when they smile or eat solid food again. And it is always remarkable to eliminate oral pain.

My wife, Maria, joined me at Mission of Mercy for the first time. She says that she has never experienced the level of gratification from patients that she experienced there. Along with 800 other volunteers, we completed 1,433 patient visits and performed more than $1 million worth of dental treatment. But Maria and I got back way more than we gave.

Almost 100 percent of the patients thanked, blessed or hugged us. We treated patients from the very young to the very old. One stirring example among many was a young mother of a 2-year-old girl who was undergoing cancer treatment and could not find anyone to extract her four anterior maxillary teeth that gave her pain and prevented her smiling. So we removed them and gave her a new front prosthesis. She was so happy and thankful, it brought tears to our eyes; I had to walk away from the crowd to compose myself.

I strongly recommend that you give time to charitable dental functions like Mission of Mercy whenever the opportunity arises. Do not put it off, telling yourself, “someday I will give back.” I urge you do it at the very first opportunity you get. You won’t regret it. You will receive far more than you give.

While we are blessed living in the United States and not dealing with the daily survival challenges of those in less fortunate countries, there are still too many people who cannot afford proper oral care. We can and must do everything possible to change that! The good news is that many dentists and team members do so.

If you haven’t already been involved in missionary or other dental care volunteer work, please join us soon. You will receive back much more than you gave. I guarantee it.

If you have any comments, please feel free to write to me at grzenterprises@comcast.net.
SMART FOR YOUR PRACTICE. AND FOR YOUR PATIENTS.

At Delta Dental of Illinois, we encourage our members to visit the dentist regularly. That equals more than 2 million potential patients seeking the services of a Delta Dental network dentist. And with our accurate claims processing, convenient technology support and unrivaled service, we help give you more time to do what you do best – care for your patients.

There are many reasons why nearly 80 percent of practicing dentists participate in Delta Dental's networks nationally. Visit SmartForYourPractice.com to learn more about joining the Delta Dental PPOSM network today.

Smart plans for smart mouths.

Together we’ll go far
Practice Transitions

The following is Part 1 of a two-part series addressing making the leap from being an employee dentist to owning a practice.

by Joseph DeRosier

RECENT GRADUATES FROM DENTAL SCHOOL ARE USED TO MAKING TOUGH DECISIONS.

Consider this, within the span of only a few years they had to first decide to join the profession, pick a school, narrow a field of study, and finally, find that first job.

But even with that experience behind them, for many, a whole new round of career-defining decisions looms ahead.

After a few years in the profession as an associate, many young dentists decide that the next step is starting their own practice.

Peter Ackerman, a certified public accountant and a certified valuation analyst at ADS Dental Practice Transitions for more than 20 years, said he thinks that dentists have the skills and instincts to be good small-business owners.

"Most doctors don't realize what they are giving up (financially)," he said of dentists who don't own a practice. "Owning and operating a dental office is not that difficult and associates can make four to five times more as practice owners."

He said making the transition work might be a matter of overcoming obstacles, real and perceived.
jumping into practice ownership gives those starting out a chance to better position themselves financially and professionally.

“Most (young dentists) can’t get a loan until they are two years out of school,” Ms. Pesavento said.

However, there is another category of dentists graduating from dental school—dentists from other countries who are older and more experienced. She said most of that group can immediately look into opening their own practice.

But someone who just graduated from dental school often needs to get their financial house in order and gain on-the-job experience, she said.

Experts were unanimous about what young dentists should do before they start their journey toward practice ownership:

have a plan and know what you want.

Regarding financing your own practice, she added that many financial institutions are comfortable making loans to dentists because dentists have one of the lowest default rates of any profession.

Plus lenders see advantages in developing business relationships with young professionals, she said.

Sharon Kantor Bogetz, Ms. Pesavento’s business partner, said while the goals of young dentists vary with some wanting a solo practice and others envisioning operating multiple offices, “all have the capacity, with guidance and coaching, to realize their vision for the practice they want to have,” she said.

“There is room for everyone and practice sizes for every individual. There is a practice income level for everyone.”

She said some dentists starting out have more entrepreneurial aspirations. “Some want to build an empire of 30 practices and then sell them off,” she said. “All spell success a different way.”

But experts were unanimous about what young dentists should do before they start their journey toward practice ownership: have a plan and know what you want.

“You have to decide where you want to practice and live,” said Robert Uhland, a dentist who recently started Chicago Dental Broker, a brokerage and consultation firm in the north suburbs.

“You have to ask yourself, ‘Do I want to drive all the way out to Algonquin or McHenry because those areas are growing?’”

Ms. Kantor Bogetz said young dentists also have to determine their vision of what they want to do professionally, including the demographics of the patient base.

Doing that homework and having a good grasp of where they want their careers to go will help consultants and brokers steer someone looking to buy a practice in the right direction, the experts said.

“The first three to five years (after dental school) are an outstanding opportunity to develop clinical hand speed and skills and learn the big aspects of dentistry,” said Mr. Ackerman.

It is a time when a young dentist can figure out the best career path, he said. And when the time comes to start looking at flying solo, the best advice, experts said, was to make sure the take off is not done blindly, without the aid of consultants and a flight plan.

“There is room for everyone and practice sizes for every individual. There is a practice income level for everyone.”

She said some dentists starting out have more entrepreneurial aspirations. “Some want to build an empire of 30 practices and then sell them off,” she said. “All spell success a different way.”

But experts were unanimous about what young dentists should do before they start their journey toward practice ownership: have a plan and know what you want.

“You have to decide where you want to practice and live,” said Robert Uhland, a dentist who recently started Chicago Dental Broker, a brokerage and consultation firm in the north suburbs.

“You have to ask yourself, ‘Do I want to drive all the way out to Algonquin or McHenry because those areas are growing?’”

Ms. Kantor Bogetz said young dentists also have to determine their vision of what they want to do professionally, including the demographics of the patient base.

Doing that homework and having a good grasp of where they want their careers to go will help consultants and brokers steer someone looking to buy a practice in the right direction, the experts said.

“The first three to five years (after dental school) are an outstanding opportunity to develop clinical hand speed and skills and learn the big aspects of dentistry,” said Mr. Ackerman.

It is a time when a young dentist can figure out the best career path, he said. And when the time comes to start looking at flying solo, the best advice, experts said, was to make sure the take off is not done blindly, without the aid of consultants and a flight plan.
MORE THAN 200 MEMBERS IN PRACTICE FOR 10 YEARS OR LESS ENJOYED A BEAUTIFUL EVENING AT THE NEW DENTIST ROOFTOP RECEPTION Aug. 25 at the Loews Chicago Hotel.

The annual free new dentist event took place on the Streeterville Terrace. CDS members experienced a nearly perfect summer evening in Chicago while enjoying hors d’oeuvres, fine wine and the camaraderie of former classmates and current colleagues. Drawings were held for a number of prizes. Monica Urda won a restaurant gift card donated by the Chicagoland Smile Group. Megan Davenport received a Visa gift card donated by Cutting Edge Practice. The following won Starbucks gift cards: Manika Agarwal, Alena Bukhar, Jonelle Doctor, Allison Everett, Anastasia Haupt, Liz Kaminsky, Joann Kochikaran, Jordan Ledger, Tanya Ranginwala, and Christopher Zwiercan.

The New Dentist Rooftop Reception was sponsored by the Chicago Dental Society, Bank of America Practice Solutions, Carr Healthcare Realty, Chicagoland Smile Group, Cutting Edge Practice and Southpoint Insurance.

CDS members volunteer at health fairs in their communities to get children prepared to go

Back to School

CHICAGO — CDS member dentists and community volunteers helped get children ages 3 to 17 prepared for the coming school year at the Back2School Health and Wellness Festival held July 30 at South Central Community Services in Chicago’s Chatham neighborhood on the south side.

Sherece Thompson, Judy Fan-Hsu and Akintunde Bowden were among those who provided dental screenings.

The wellness festival was sponsored by State Reps. Marcus Evans Jr. and Elgie Sims Jr., State Sen. Donne Trotter and Cook County Commissioner Stanley Moore.
CHICAGO — Children and adults attended the annual Family Wellness and Back to School Fair Aug. 11 at the Avondale Logan-dale School on Chicago's northwest side.

Children were given free backpacks, school supplies, physicals, immunizations, dental screenings and other services. Adults received health screenings and learned about services offered by government agencies and local organizations.

CDS members Charlie Czerpak, Trucia Drummond, Barbara Mousel, Joanne Oppenheim, Sharon Perlman and Victoria Ursitti were among the many dentist volunteers who provided dental screenings.

The event was co-hosted by State Sen. Iris Martinez, State Rep. Jaime Andrade Jr., Ald. Carlos Ramirez-Rosa and Cook County Commissioner Luis Arroyo Jr.
BROOKFIELD – CDS member Gerald Ciebien of Riverside participated in a Back-to-School Celebration and Supply Drive hosted by State Reps. Michael Zalewski and Lisa Hernandez, and State Sen. Steven Landek on Aug. 13 in Ehlert Park in Brookfield. Dr. Ciebien offered free dental exams for students and parents and presented all with a gift bag provided by the Chicago Dental Society.
WHAT'S YOUR STORY?
Do you enjoy a creative outlet outside of dentistry or an interesting tale to share? We want to hear from CDS members who are actors and artists, daredevils and speed demons, songwriters and storytellers, volunteers and anyone with an interesting tale to tell – even a good fish story.

The CDS Review is looking for members with a passion outside of dentistry to feature in our SNAP SHOTS feature. Contact Joseph DeRosier at jderosier@cds.org or call 312.836.7324.
MORE THAN 140 ATTENDEES BRAVED A SUMMER HEAT WAVE TO ENJOY THE Chicago Dental Society Family Picnic July 24 at Brookfield Zoo.

Members and their children cooled off with a refreshing water splash in the fountain next to the outdoor pavilion. A disc jockey got the crowd rocking as guests played with hula hoops and had their faces decorated by a painter provided by the CDS Foundation. Attendees of all ages enjoyed the dolphin show, motor safari and one of the zoo’s newest attractions, the Hamill Family Wild Encounters.

Save the Date
FEBRUARY 23 – 25, 2017

Block off your schedule today!
Be sure to join us in the world class city of Chicago FEBRUARY 23-25, 2017, for the 152nd CDS Midwinter Meeting, featuring three days of more than 200 educational courses, valuable hands-on learning, Live Patient Demonstrations, staff teambuilding and over 700 exhibiting companies. FIND INFO ABOUT THE 152ND MIDWINTER MEETING AT WWW.CDS.ORG.
WE SPEAK THE SAME LANGUAGE.

2mm margin is the difference between average and perfection.
In Remembrance

Henry Mathews
1973-74 CDS PRESIDENT

Former Chicago Dental Society president Henry Mathews died July 9 at the Augustana Regent Assisted Living in Burnsville, MN, where he resided. He was surround-ed by family members and passed peacefully. Dr. Mathews turned 100 on Oct. 9, 2015. He is survived by his three children Beth Wiersma, Jeanne Dahlgren and Jim Mathews.

Dr. Mathews was CDS president in 1973-74. He was elected secretary of the Past President’s Club in 1984 and served in that position through February 1991. Dr. Mathews was president of the Englewood Branch in 1958-59 and served on the CDS Board of Directors as Englewood Branch director from 1965-68. He was also involved in numerous committees at the branch level.

A memorial service was held for Dr. Mathews July 17 at Augustana Regent in Burnsville.

Dr. Mathews along with his wife Florie – who died in January 2013 – were interred with full honors July 19 at Abraham Lincoln National Cemetery in Elwood.

Expressions of sympathy may be sent to the family of Dr. Henry Mathews, 14500 Regent Lane, Apt. 326, Burnsville, MN 55306-5559.

His mentoring put many of us on the fast tract to leadership.

I remember Henry

Of his lifelong friend and a frequent golf partner Henry Mathews, my dear friend Bob Unger said: “He doesn’t hit them far, but he is always down the middle.”

That sounds like the Henry I knew and sums up his philosophy of life.

Henry loved his family, his country, his faith and dentistry.

He was an avid golfer, but he always kept golf in perspective.

His daughters, Beth and Jeanne, and his son, Jim, were beneficiaries of his calm, nurturing and sage advice. His wife of 65 years, Florie, who preceded him in death, was his beloved and also his partner in organized dentistry’s outreach to the public and profession.

She was a president of the Alliance to the Chicago Dental Society (ACDS) and the long-time chair of the ACDS traveling puppet show, “Good King Sweet Tooth.” The show was presented at Chicago area schools to teach oral hygiene to youngsters. Henry supported Florie’s educational efforts by buying a station wagon for her to transport the show’s props. And he stored the stuff in their garage, leaving scant room for his car.

Henry served as a dental officer in Southeast Asia in World War II. He reached the rank of major.

Toward the end of his military service, Henry was named interim dean of the South Korea dental school by Gen. Douglas MacArthur. He set up a teaching program for 300 freshmen. His decorations included: Asian Pacific Theater Ribbon with three Bronze Battle Stars, World War II Victory Medal, Philippine Liberation Ribbon with a Bronze Star, and four Overseas Service Bars.

The Mathews were parishioners of Grace Lutheran Church in Western Springs. However, Henry didn’t just drop his envelope in the collection basket on Sunday; he was an active leader and advisor to the clergy in the management of the church affairs. He served on many other Lutheran boards, state and local.

He served in all of the offices of the Englewood Branch of the Chicago Dental Society. And I am confident that he would have wanted me to mention that Englewood is CDS’s oldest branch – a phrase he often used with a gentle “tee-hee.” It was not in his nature to belly laugh; he had a puckish sense of humor that fit his gentle nature.

Henry became president of CDS for 1973-74 (the president’s term ran from June to May in those days) and boldly selected a cadre of Young Turks to manage the committees of the 1974 Midwinter Meeting, themed More in ’74. His mentoring put many of us on the fast tract to leadership.

Henry became the secretary of the Past Presidents Club of CDS in 1984 and would organize an annual lunch for the group during the Midwinter Meeting. The sophomoric behavior of the assembled required a steady hand, but mostly Henry added to the chaos by reading the minutes of the previous year’s lunch, which seldom had any relationship to what had occurred. He resigned as secretary in 1991, saying, “Everybody who had this job before me died.”

Indeed, Henry was a straight shooter and an exemplar of grace and dignity.

The best way to honor him is to remember him. Always.

— Walter Lamacki, editor
B. Paul Justen
1975-76 CDS PRESIDENT

Chicago Dental Society past president B. Paul Justen died July 28 at the age of 96.

Dr. Justen was CDS president in 1975-76. He was president of the North Suburban Branch in 1969-70 and was the 1988 Midwinter Meeting General Chair. He was also involved in numerous committees at the branch level.

Dr. Justen graduated from the Chicago College of Dental Surgery in 1944.

A funeral mass was held Aug. 4 at Our Lady of Perpetual Help in Glenview. He was laid to rest at All Saints Cemetery, 700 N. River Road, Des Plaines.

Expressions of sympathy may be sent to the family of Dr. B. Paul Justen, 2500 Indigo Lane, Apt. 254, Glenview, IL 60026.

When asked how things are going or how he feels, he always used the word “marvelous.”

Paul was instrumental in my involvement in CDS

Paul Justen was a devout husband and father. He was a very moral and religious person and it showed in his character and daily life. He loved dentistry and was compassionate with his patients. His dentistry was impeccable.

Paul started his practice of dentistry in 1946 in Glenview. He was very active in Rotary and was president from 1975-1976. Paul became very active in the Chicago Dental Society and was President from 1975-1976. He enlisted many dentists from the glenview area to join the Independent Dental Society and was a mentor to many. Paul was also president of the Sanders Dental Research group from 1983-1984.

He had a great sense of humor and his laugh was infectious. When asked how things are going or how he feels, he always used the word “marvelous.” He had a very positive attitude toward life. He loved golf and would practice on the driving range almost every day after work. Curling was also a sport Paul loved and he became a skip, which is the highest position in curling. He was a member of North Shore Country Club for many years. He would in later years travel to Rancho Mirage, California where he had a home and played golf.

Little known was that Paul liked gardening and would spend hours making his garden beautiful. No wonder, Paul grew up on his father’s dairy farm and this was a part of his life.

Paul was instrumental in my involvement in the Chicago Dental Society. He was helpful when I started my practice and was always interested in how I was doing.

— Ken Yonan, 2003 CDS president
SMALL TALK AROUND THE OFFICE IS INTENDED TO PUT EVERYONE AT EASE. It makes workdays more pleasant for the staff and helps patients feel more comfortable in your care. Topics may vary (the weather, your favorite baseball team’s latest winning streak, a new restaurant moving in down the block), but proceed with caution. During this lively election season, casual conversation about political candidates can quickly become heated.

Consider your chairside conversation topics ahead of time to keep the mood light and patients coming back for the quality of the care you provide, rather than repelled by the politics you practice.

“You’re not trying to put up a wall if your patient wants to talk politics, but be ready to move the conversation to more solid ground so that you’re not in an uncomfortable position,” advised Kathy Schaeffer, president of the Chicago-based public relations firm Kathy Schaeffer & Associates, Inc. She offered dentists and their staffs several ways to respond when a patient asks, “So, Doc, who are you with this November?”

“A good rule of thumb is that people think you’re a great conversationalist if you let them do the talking,” Ms. Schaeffer said. “Have a few questions ready like, ‘What do you like best about that candidate?’ or ‘Have you ever seen them speak in person?’ These will help you avoid putting yourself in a place where the patient can disagree with you, and it makes the patient feel like you are listening to their opinion.”

Another strategy is to bridge that very specific question of who you will be voting for to a very general answer about the topic at hand: the patient’s oral health.

“You could say something like, ‘You know, I find politics interesting but right now I’m really interested in getting this bridge to fit just right. Can you look up and turn your head a bit to the left?’ or ‘We can surely talk about that, but first let’s talk about your home hygiene habits,’” Ms. Schaeffer said.

But if you consider yourself a political junkie and believe that this is the Most Wonderful Time of the Year, move the conversation away from individual candidates and toward the democratic process we’re all enjoying. Think back to the first time you voted, and swap stories with the patient about the first candidate that really caught your attention. Or, share with the patient a story about how your children are digesting the election process. They are sure to have some diverse political viewpoints; share one of the more humorous dinner table debates with your patient.

“Definitely have those anecdotes ready – the ones that are general and non-heated,” Ms. Schaeffer said. Talk about that night in July that you were out to dinner and the restaurant
The views expressed in this column are those of the writer and not necessarily the opinions of the Chicago Dental Society. CDS presents Practice Smarts, a column addressing practice management issues dentists and staff members experience in the office. Practice Smarts is prepared by Joanna Brown, a freelance journalist. Email suggestions for topics to be covered to joanna@tjbrown.com.

Photo: Zhou Eka / shutterstock.com

cleared out because people wanted to get home to watch the conventions on television.

“If you like using humor in your practice, consider the hats worn by delegates at each party’s convention, or find ways to poke fun at our political process,” Ms. Schaeffer suggested. “Do so generally, so that you aren’t addressing the merit of the candidates.”

Your staff will undoubtedly face the same questions from the patients they see, so schedule a staff meeting to discuss how to manage the situation.

“Brainstorm together, so that everyone has a few stories in their pocket that they can fall back on as needed; the hygienists can then say, ‘You know, we were talking about the election just the other day, and our receptionist had the funniest story about a mock election they had when she was in middle school,’” Ms. Schaeffer said. “Your staff might even have better ideas than you for some questions to ask patients to keep the patients talking and the staff listening in these situations.”
Failure to follow protocol is difficult to swallow

A STORY RECENTLY MADE THE NEWS ABOUT A $675,000 SETTLEMENT IN A CASE WHERE A PATIENT SWALLOWED A ROOT CANAL BROACH. This incident is a reminder to our profession that it is not uncommon for foreign objects to be aspirated or swallowed, which can lead to serious problems for both patient and dentist. Strict adherence to proper dental protocol – such as the placement of a rubber dam – can prevent many of these occurrences. However, in the event that a dental instrument or crown disappears down a patient’s throat, a dentist must act promptly and document the event.

Practice long enough and a dental professional will likely experience a fractured dental bur or have a crown disappear. Was it suctioned by the dental assistant or did it go down the patient’s oropharynx?

If a dentist cannot account for a foreign object’s whereabouts, the patient should be immediately notified and directed to his physician or an emergency room for X-rays. Most dental malpractice insurance policies today will reimburse a patient for medical expenses without it being reported to the National Data Bank or raising the insurance rate.

So what precautionary measures should be taken to avoid these situations?

First and foremost, the use of a rubber dam is perhaps the best preventive device. However, when that is not possible, covering the back of the throat with gauze and proper use of a high velocity evacuator will reduce the risk of a foreign object being aspirated or swallowed. Moreover, as taught in dental school, a dentist may tie dental floss to a root canal file, rubber dam clamp or implant screwdriver as yet another safety measure.

Despite following proper protocol, foreign object aspiration/injection can still occur. The worst thing that a dental professional can do is to stay silent, hoping that it was swallowed and will eventually pass. However, in the event that the object is aspirated or gets lodged in the stomach and the patient later develops problems, the image of a crown or dental instrument on an X-ray will surely point to the dental office.

For years, the dental urban myth for dealing with swallowed objects was to ask the patient to check his or her stool for the next couple of days to see if it passes. However, such a recommendation is no longer prudent given the fact that an ingested porcelain crown may irritate or even obstruct the digestive tract. Proper protocol today requires that if an object does go down a patient’s throat, the patient is immediately referred to an emergency room (or the patient’s physician) for prompt follow up to ensure that the object either passes or is quickly removed if aspirated.

A dentist’s failure to follow proper protocol can lead to serious medical complications for the patient and most certainly will result in a legal claim against the dentist. Depending on the severity of the situation, settlements can range well into six figures – particularly if it involves costly medical procedures accompanied by understandable pain and suffering.

Wrigley grants at work in our communities

We are very proud of the CDS Foundation Clinic, where volunteer dentists from throughout the Chicago area provide free dental care to those most in need. The growth in the number of patients treated, as well as the number of dentists that volunteer, has been inspiring.

While the clinic is the major program of the CDS Foundation, we also support other organizations that provide dental care to the underserved. Through our grants program, the CDS Foundation has donated more than $534,000 over the past eight years to 32 clinics and other not-for-profits in Cook, Lake and DuPage counties.

In 2014, we entered into a partnership with the Wrigley Company Foundation to support CDS member dentists participating in or organizing community service projects. Through the Wrigley Company Foundation Community Service Grant program, money is donated for use at community-based events such as health fairs and dental screening events.

The CDS Foundation Grants Committee vets applications, and money is distributed to those who qualify. In 2014 and 2015, more than $100,000 was distributed to CDS members through the Wrigley Company Foundation.

This past year, the CDS Foundation received 13 grant proposals from CDS member dentists. We were pleased to support all the applicants in their missions to improve the oral health of those in their communities. I want to take a moment to highlight one of the recent grantees.

Judy Fan-Hsu is a CDS member with an extensive background in public health, having previously practiced in a community health center in Connecticut. She was awarded a Wrigley grant for her program that offers dental services through community health fairs organized by churches and political leaders throughout Chicago.

Dr. Fan-Hsu identified a gaping hole in the services provided at a typical health fair, as patients were offered medical services, but very few programs provided dental screenings. Even fewer offered dental preventative or treatment services.

Dr. Fan-Hsu’s vision is to close this gap by engaging dental volunteers to provide oral health education, dental exams, screenings and cleanings at these health fairs. Patients with restorative needs would be referred to a dental home for continued care and follow up. Grant money from Wrigley was used to purchase a mobile dental cart, light and supplies.

Dr. Fan-Hsu participated in several health fairs over the summer where her assessment of the state of oral health of the underserved in Chicago was confirmed.

“As soon as they opened their mouths, I could see that the need is great in Chicagoland. Many clients had no idea that providers give care at a reduced rate or at no charge,” she said.

Dr. Fan-Hsu continues to look for dentists who are willing to volunteer at these events. She acknowledges an additional benefit of the program.

“These health fairs are a great way of getting the CDS Foundation name out to the Chicagoland community,” she added.

The CDS Foundation is proud to support the efforts of Dr. Fan-Hsu and the other Wrigley grant recipients who are making a difference in their communities. Details on this and other programs are available at www.cdsfound.org. For more information, please contact our executive director, Kristen Weber, at 312.836.7301 or kweber@cdsfound.org.

SEPTEMBER/OCTOBER 2016 | cds review | 27
WHEN DAN FIDANZE WAS A TEENAGER GROWING UP IN CICERO, HE GAVE SOME THOUGHT TO BECOMING A PROFESSIONAL MUSICIAN.

And why not? He had taken piano lessons since he was 10, and continued to do so while attending Fenwick High School, a Jesuit and, at the time, an all-boys school in Oak Park.

Dr. Fidanze liked the music theory classes he took in school and messed around on the guitar enough to become pretty good. He was good enough to play in bands comprised of fellow students at the local music studio where he studied.

“They would take the kids who were taking lessons and throw them together to make a band out of them,” he explained.

“I did think about it (starting a career in music) while I was in high school,” he said. He gave serious thought about making music his profession and majoring in music at Northwestern University.

“But then I decided to make a pragmatic decision,” he said. “I thought, if making music was my profession, then what would my job be – giving lessons to kids who don’t want to take them? Playing wedding band music that I didn’t want to be playing? And not making very much money?”

Instead, he decided to go with his original inclination and pursue a career in the health field. And that ultimately led to him becoming a general practice dentist.

In his freshman year of college at Loyola University in Chicago he majored in biology major with an eye to getting a pre-dental education.
But he learned while in dental school at the University of Illinois at Chicago College of Dentistry that his musical skills and appreciation of music would be a plus.

“I remember one of the deans at the school – he pronounced that he was the dean of happiness – asking if any of the students had any outside interests. I told him that I played the piano and he said, ‘That will serve you so well because it helps with your motor skills,’” he said.

And just like he had done in his younger days, the 58-year-old Naperville resident who practices dentistry in a Winfield office has continued to play in bands. He said playing music and the thought process behind music theory is “complementary to the skills needed for dentistry.”

And it is not just an infrequent hobby. He said he practices most days of the week on his own and tries to meet up with his band, The Snake Oil Barons, once a week, although that doesn’t always happen.

The Snake Oil Barons have been together for about three years and play covers of classic rock ‘n’ roll songs. And how did the group get its name?

“The Beatles and Rolling Stones names were already taken,” Dr. Fidanze joked. “Like most band names we just threw things against the wall to see what sticks.” He said one band member said trying to pass themselves off as professional musicians was like selling snake oil, and another said they were looking for fame and fortune like oil barons.

The name became a mash-up of those two phrases.

The band plays local fests and at any other locations that Dr. Fidanze can arrange.

He said they regularly play at a place called Gruben’s Uptown Tap in Plainfield. They have also played at Westmont Fest, the Festival of the Vine in Geneva, and at the Morton Arboretum in Lisle.

“We usually play about once or twice a month,” he said. Since the band does not use a manager or booking agent, Dr. Fidanze said it falls to him to find gigs.

He said he sends out a cover letter to local festivals and venues that he knows about and tries to line up jobs. The band knows its schedule about two months in advance, he said. The band’s website www.snakeoilbarons.com has updates on when and where the band is playing.

Although his band plays rock songs, Dr. Fidanze said his real passion is blues and jazz music.

“I really love New Orleans music,” he said. “Especially artists like Professor Longhair, Doctor John and Marcia Ball.”

“I really love New Orleans music, especially artists like Professor Longhair, Doctor John and Marcia Ball.”

“He also used to be in a band that did mostly blues whose other two members were physicians; its name was The Code Blues.

Dr. Fidanze also writes songs and recently performed at a singer/songwriter showcase event at Silvie’s Lounge in Chicago.

He has a small recording studio in the basement of his home but admits that he hasn’t used it in a while.

“I’ve been writing songs since high school,” he said. “I’ve recorded things but I haven’t packed a CD for resale.”

Mr. DeRosier is the CDS staff writer.

NORTH SIDE BRANCH NEW DENTIST EVENT

Dental Insurance 101
presented by Dennis McHugh, ADA Manager of Dental Benefit Information Services

Thursday, Oct. 13
Beginning at 6 p.m.
Marcello’s, 645 W. North Ave., Chicago

RSVP by Oct. 6
Dr. Cristian Pavel, northsidersvp@gmail.com, 773.739.2800

This event is sponsored by Bank of America, Practice Solutions, Joseph Rossi & Associates.
Englewood Branch
by Denise Hale, DDS

The University of Illinois Alumni dinner was held at the Carlisle in Lombard. In attendance were Ken Greblunas, David Baptist, Brian Karshen and Denise Hale.

Our Installation of Officers was held at Topaz in Burr Ridge. Newly elected officers included President Ammar Adam, President-elect Andrew Moormann, Secretary Nick Cudney, Treasurer Robin Gallardi, and Program Chair/Dinner Chair Brian Bailey.

Congratulations to Michael Meehan, Glenn Bailey and Brian Bailey, and the Michet family, Larry Michet, Bob Michet and Marilyn Michet, on their new offices! Steve Nicorata and his son Dan Nicorata finished remodeling their office, too. See what happens when the kids come on board!

Denise Hale attended the Washington Leadership Conference in Washington, DC. Tucker Carlson from Fox News was one of the keynote speakers.

John Kozal announced that his daughter Natasha will be heading to Mason, OH, to participate in a dance spectacular, which draws agents and talent scouts. Best of luck to Natasha. She can support her dear ol’ dad when she’s a famous dancer!

Joe Unger, John Kozal and Denise Hale volunteered at the Illinois Mission of Mercy in downstate Collinsville. The event was the fourth in Illinois, with hundreds of patients being treated!

Hope everyone is having a wonderful summer and looking forward to autumn!
Kenwood/Hyde Park Branch
by Sherece Thompson, DDS

Congratulations to Rodney Blaney and spouse Rosiland Palmer Blaney (top left) on the celebration of their 30th wedding anniversary. Rodney served as the Kenwood/Hyde Park Branch president for 2012-13.

Sherece Thompson and Judy Fan-Hsu (top right) volunteered at the Back2School Health and Wellness Festival at South Central Community Services on July 30 in Chicago. The health fair was sponsored by State Sen. Donne Trotter and co-sponsored by State Rep. Marcus Evans Jr., State Rep. Elgie Sims Jr., and Cook County Commissioner Stanley Moore.

Women of the CDS enjoyed Afternoon Tea at the Woman’s Athletic Club of Chicago (right). The event was hosted by Kimberley Bolden.

Yetta McCullom (not pictured) presented a lecture at the 103rd Annual National Dental Association Convention. The convention was held July 22-26 in Atlanta.

President Profile

Darryl Pendleton, DMD • KENWOOD/HYDE PARK BRANCH

Education: Darryl Pendleton earned his dental degree in 1987 from the Southern Illinois University School of Dental Medicine.

Family and Practice: Dr. Pendleton’s family includes two sons, Lyndon and Dale; daughter, Langston; and grandson Kiaro. He is the Associate Dean for Student and Diversity Affairs at the University of Illinois at Chicago College of Dentistry.

Outside of dentistry, my interests include: my family, health and fitness, traveling, sports, jazz and Scotch whisky.

When I proudly talk about our branch with new members, I tell them: about the diversity of our membership. Because of our location, our branch membership represents the rich diversity of the Chicago area. I also proudly talk about the storied history of our branch and its members. Many of our members were born and raised in the area and others have practiced here for decades. Our members are very active as leaders, mentors and healthcare advocates. Being a member of our branch also means being a member of our community.

The Pendleton family: Dale, Kiaro, Lyndon, Darryl and Langston.
North Side Branch
by Ashley Kauffman, DDS

Kim Dyoco welcomed new baby Marco Cristiano Berroya on March 10. Check-out this adorable baby boy!

Kim also announces that Louis Santini from Midwestern University will be joining her practice!

Michaela Radich and Matthew Heitzler hosted a 30-person wedding at the Castino Mansion in Sheboygan, WI. They spent the entire weekend with their closest friends and family. The Heitzlers enjoyed a Sunday morning brunch wedding with bountiful sunshine, pancakes and happy tears. It was a day tailored to them – a day they will always love. The newlyweds honeymooned in Shanghai, China; Busan, South Korea; and Bali, Indonesia. They described it as the adventure of a lifetime. Keta is a pediatric dentist at Magnolia Pediatric Dentistry in Bucktown and First Smiles Dental in Crystal Lake.

Irene Renieris, her husband, Eric, and her two boys Apollo and Atlas, have finally moved into their new home! This unique home was originally a Chicago firehouse. Irene also started practicing one block from her new home!

After 40 years and at the age of 91, Bruce Douglas has rejoined the faculty at the UIC College of Dentistry to create a curriculum on aging and senescence for the dental students. Bruce previously worked at UIC from 1962-75. He was brought in by Caswell Evans and has been very pleased with the change in curriculum for dental students.

Neal Nealis was honored with the University of Illinois at Chicago College of Dentistry Alumni Loyalty Award April 15 at the annual alumni dinner at The Carlisle in Lombard. Neal also recently went on a 100-mile whitewater rafting trip on the Colorado River with his wife.

Marvin Greene and David Hanson are excited to announce that Jason Jamali has joined their oral and maxillofacial surgery practice, The Lincoln Park Institute at 2449 N. Lincoln Ave.

Jason is a board-certified oral and maxillofacial surgeon who practices the full scope of the specialty. He earned degrees in both dentistry and medicine from Columbia University and the University of Michigan, respectively. After medical school, Jason completed two
years of general surgery training before finishing his residency in oral and maxillofacial surgery at the University of Michigan. His experience as a full-time assistant professor at the University of Illinois was invaluable.

Deborah Beaty is excited to welcome William Burnard to her practice at 111 N. Wabash Ave. in Chicago. He graduated with honors from The Ohio State University College of Dentistry and recently completed his GPR at Northwestern Medical Center.

Our branch is proud to have had many participants at the Illinois Mission of Mercy this summer. Featured here is Ron Widen. Ron mentioned that all the patients were appreciative of their care.

President Profile

Yendis Gibson, DDS • NORTH SUBURBAN BRANCH

Education: Yendis Gibson earned her dental degree from the University of Maryland School of Dentistry.

Family and Practice: Dr. Gibson currently practices in Skokie.

Outside of dentistry, my interests include: reading, community service, golf, skiing, basketball and the NFL.

When I proudly talk about our branch with new members, I tell them: our branch prides itself on welcoming new members. I emphasize how important membership is to and for our branch as well as CDS and organized dentistry as a whole. New members are a lifeline. They invigorate the branch with new ideas and vibrancy. Without new members, we stagnate and wither. New member involvement inspires others. And with that involvement, membership value is realized. The hope is new members see themselves as stakeholders in our success through the assumption of leadership positions within our branch.

North Suburban Branch
    by Karen Kasinski, DDS

(Top left) Dave McWhinnie, Marie Bradley Fischl, Paul Fischl and Dave Lewis biked 36 miles in June with McWhinnie’s Dr. Dave’s Smiles of Skokie Team for the Honor Ride/Rode 2 Recovery fundraiser. The ride began in Skokie. Cool weather that day was greatly appreciated!

(Top right) For the second year in a row Maria Fe Corpuz-Bato completed Camino de Santiago, or The Way of St. James, in Spain. The pilgrimage is a more than 72-mile trek from Sarria, south of the Pyrenees Mountains, down to Santiago de Compostela.

(Left) Spiro Karras announced that Anastasia Haupt has joined his oral surgery practice in Lincolnwood. Anastasia is an Idaho native. She attended Creighton University School of Dentistry and completed her oral and maxillofacial surgery specialty training at the University of Illinois at Chicago College of Dentistry (UIC). Along with private practice, both Spiro and Anastasia volunteer as faculty members in the post-doctoral oral and maxillofacial surgery program at UIC.
Northwest Side Branch
by Paul DiFranco, DDS

This spring a few branch members welcomed their children into our wonderful profession. Joseph Sodini had the honor of hooding his daughter Samantha Sodini at her graduation from Midwestern School of Dental Medicine on May 20. He is proud to have her working with him at his practice.

Candice and Daniel Janowski are proud to announce their son, Cameron Robert Janowski, graduated from Nova Southeastern University College of Dental Medicine on May 20. The ceremony was held at the Don Taft University Center in Davie, FL. What made the day extra special is that Dan was able to go on stage and hood his son. Cameron is now waiting for his license while shadowing Mark Jacob in Northbrook two days a week.

Joe Favia did another excellent job organizing the annual Arcolian Italian Dental Arts Society Golf Outing June 17 at Village Greens of Woodridge. Many Arcolian members and guests enjoyed awesome weather, great friendships and great food! This year’s champs were Randy Scarpinniti, Paul Guargenti, Zach Wallerstadt and Chuck Martello. Congratulations to Mary Starsiak, who was elected to serve again as chair of the State Board of Dentistry of Illinois. She advises everyone to get familiar with the new Dental Practice Act and rules that were put into law on Jan 1. Mary attended the Central Regional Dental Testing Service Annual Session in Kansas City, MO, in August. She will serve as president-elect for another year. Mary will also be serving as vice regent for the International College of Dentists, and she will also be serving as an alternate delegate at the ADA Annual Session in Denver later this October.

Bob Moen planned a special factory tour of GC America in Alsip on Sept. 14. The tour included a presentation of new products and lunch. Our first meeting will be Oct. 4 at Gene and Georgetti in Rosemont with John Sisto. He will present the program Extraction Socket Preservation Prior to Implant Placement. Prior to the meeting, we will be hosting a shredding event in the restaurant’s parking lot. All season ticketholders are encouraged to attend. New members are always welcome, too.

Over the summer, Northwest Side Branch members kept busy taking on leadership roles, earning awards, traveling with their families, attending graduations, participating in special events and outings and volunteering to help those in need.

Congratulations to Gordon Ziols, our Northwest Side Branch President. Gordon received his Academy of General Dentistry Fellowship Award during the AGD annual meeting July 16 in Boston. Our very own Lou Imburgia (CDS secretary), Mike Biasiello (2018 Midwinter Meeting general chair), Barbara Mousel (Illinois State Dental Society president-elect) and Sal Storniolo (ISDS trustee from Chicago District) were among more than 800 volunteers who travelled downstate to Collinsville for the Mission of Mercy. Over the July 15-16 weekend, the group treated more
than 1,300 patients and donated more than $1 million in services. Great job by all those who participated!

Past Northwest Side Branch director Tom Schneider enjoyed a great trip to Canada over the summer. He went fishing in western Ontario with a previous branch member Tim Tishler, and caught a 41-inch tiger muskie on the last day of his trip. Nice catch Tom! He caught two more muskies on his trip as well as many walleye and northern pike. Just after his sons finished their final exams, Sal Storniolo and his family took a trip abroad to Italy. Along with his wife Angie, Sal and his sons Anthony, Frank and Dominick flew into Rome. Sal said that the highlight of his trip was when he was standing less than seven yards from Pope Francis as his vehicle passed. The Storniolos had a wonderful 10-day trip travelling to Capri, Florence, Pompeii, Naples, Venice and Bari, among other places. Sal is proud of his sons Anthony and Frank. Anthony became an Eagle Scout earlier this year, and Frank will be starting his final project in September to earn his Eagle Scout rank.

Finally, branch member Joe Makowski announced that his son, Marty, is getting married to Carrie Wall on Sept. 24. He is very excited for the happy couple. We send best wishes from the Northwest Side Branch!

Northwest Suburban Branch
by Sylvia Deek, DDS

Joe Baldassano enjoyed the annual Arcolian Dental Arts Society Golf Outing June 17 with his son and nephews. The weather cooperated and everyone enjoyed a great round of golf.

In April, Russell Pollina went to Guatemala for the Faith In Practice mission trip. This was a very successful trip as he lent his heart and hands to bring healing to those children in need. For the week-long trip, the providers paid all their own expenses and committed to the program. Russell feels this is a very rewarding program and he definitely looks forward to doing it again next year. There’s nothing better than seeing a smile on a child’s face!

Michael Zak volunteered for the 2016 Mission of Mercy in downstate Collinsville with his daughter Marissa. The first patient to line up for free dental care reportedly got in line at 9 p.m. the previous night so he could be first! Michael and his daughter spent the weekend performing extractions.
Angerame, a May graduate of the University of Illinois at Chicago College of Dentistry. Congratulations, Tom.

Tom began his GPR at the Jesse Brown VA Medical Center in Chicago. He will be joining the Palatine practice with his father and Bob Bradley when he completes the program. The practice was started by Bob’s father-in-law Rolley Bateman back in 1953. Rolley was a president of the North Suburban Branch of the CDS, before the Northwest Suburban Branch was formed. Tom is a third generation dentist!

Michael Shen enjoyed a trip to Thailand with his wife, Ruth, and children Michael and Mikaela. They attended a family reunion and visited his mother-in-law’s shrine.

Bob Angerame is proud of his son Tom Angerame, a May graduate of the University of Illinois at Chicago College of Dentistry. Congratulations, Tom.

Rolley Bateman was a president of the North Suburban Branch of the CDS, before the Northwest Suburban Branch was formed. Tom is a third generation dentist!
South Suburban Branch
by W. Brent Stanford, DDS

Natacha Herard-Exorphe caught the biggest fish during the annual South Suburban Branch fishing trip. Her name will be added to the plaque for the biggest fish that dates back to 1978. She is the first woman named on the plaque.

Brent Stanford and his wife Sharon spent the summer in Harbor Springs, MI, where their daughter Maddi performed with the Young Americans Dinner Theater at Boyne Highlands Resort. The cast of 30 included people from all over the world sharing their favorite moments from the latest Broadway shows and a variety of musical genres. This amazing show ran six days a week from June 24 to Aug. 27.

Spencer Pope is proud of his son Ethan, who played on a Little League baseball team that finished with a perfect 18-0 record! Congratulations, Ethan.

Phil Schefke turned 55 on July 3 with a surprise birthday party. Happy belated birthday, Dr. Phil.

Dalia Marouf heads to Ensenada, Mexico, on a mission trip Oct. 7 - 9 for Dental Care for Children. The organization provides services for underprivileged children around the world who don’t have access to adequate dental care. To volunteer or learn more about its mission, visit www.dentalcareforchildren.org.

SOUTH SUBURBAN BRANCH FISHING TRIP (clockwise):
Natacha Herard-Exorphe caught the largest fish.
Phil Schefke caught a good-sized lake trout.
Ken Coffey with his catch.
Crystal Patel fights to reel in a big one.

SOUTH SUBURBAN:
Mike Hoffman and his wife Bernie toured France with friends on a pilgrimage in July. They visited historic and religious sites such as the Notre Dame Cathedral and Sacré Coeur in Paris, Chartes Cathedral which is literally a bible in stone, the island monastery of Mont St. Michel, the American Cemetary and Omaha Beach at Normandy. They even took a hot air balloon over the Loire Valley.

Brent Stanford with his wife Sharon and daughter Maddi in Harbor Springs, MI.
**West Side Branch**  
by Richard Kohn, DDS, and Michael Santucci, DDS  

We held our installation dinner May 15 at the Carnivale restaurant in Chicago. CDS president and West Side Branch member George Zehak performed the honors of swearing in the new branch officers. The officers for 2016-17 are Larry Williams, president; George Barsa, vice president; Richard Kohn, secretary; Satish Alapati, treasurer; and Blase Brown, librarian.

We also thank Michael Tauber, who completed his term as branch president. The installation was a wonderful event and everyone enjoyed a fantastic meal. We look forward to another outstanding year at the West Side Branch.

Rick Munaretto announced that Cameo Endodontics has relocated its office from Elmwood Park to a new state-of-the-art facility at 7603 W. North Ave. in River Forest. Although only three blocks west of the former location, the new facility will offer the best care possible.

Rick attended the annual Seattle Study Club Symposium on the big island of Hawaii Jan. 25-30. He and co-director Vladana Babcic-Tal earned an award for best study club management. This branch of the Seattle Study Club, originated eight years ago and is the first founded by an endodontic group. Only three awards are given each year. Rick and Vladana’s group was chosen from more than 250 international study groups for this award. We are very proud of their accomplishment.

---

**A WEST SIDE BRANCH NEW DENTIST EVENT**

**COLD SUSHI and WARM CONVERSATION**

*FREE for all new dentists*

**Sunday, Nov. 13**

Beginning at 2 p.m.

Sushi House Oak Park

1107 Lake St., Oak Park Ave.

Space is limited. You must RSVP to attend.

Join us for an informal discussion with established practitioners and get career advice. Talk with colleagues about the pitfalls and joys of buying or starting a practice. Find out what it is like to retool and learn new skills as a dentist. Learn how to get involved in organized dentistry. **RSVP by Nov. 6:** Dr. Michael Tauber, michaeltauber@sbcglobal.net.
West Suburban Branch
by Mike Munaretto, DDS

Alex Figueroa and his wife Jessica announced the birth of their first child, a healthy 7-pound, 19.5-inch baby boy, Edwin. Both Edwin and mom are doing great! New grandparents Michele and Alvaro Figueroa are overjoyed!

We congratulate and thank Douglas Chang for his service as 2015-16 branch president. Doug’s outgoing personality and strong leadership skills were evident all year long. He did a fantastic job putting together a comprehensive and interesting speaker list. Our branch enjoys a close relationship with both the University of Illinois at Chicago College of Dentistry and Midwestern University College of Dental Medicine - Illinois. Of course having current CDS President George Zehak as our member makes it even more special.

We are saddened to report the death of Robert Banks, who served as president of the West Suburban Branch from 1987-88 and as branch director from 1991-94. Bob passed away at his home July 11.

Bob’s family told us that he enjoyed and was comforted by the many cards, notes and phone calls he received from his fellow members since being placed in hospice. A funeral mass was held July 25 at St. James the Apostle Church in Glen Ellyn.

Bob was born June 16, 1925, in Pittsburg, IL and served in the U.S. Navy during World War II as a SV6 Hospital Apprentice First Class, where he earned the American Theater Ribbon and a Victory Medal.

Bob graduated with a dental degree from Loyola University School of Dentistry (Chicago College of Dental Surgery) in 1956. He practiced dentistry at the Geneva School for Girls until 1962 when he opened his own practice in Glen Ellyn, where he practiced until he retired at age 72.

The family asks that donations may be sent to Loyola University Chicago, 820 N. Michigan Ave., Suite 1705B, Chicago, IL 60611 or to St. James the Apostle Catholic Church in Glen Ellyn.

Michael Munaretto is now board certified by the American Board of Endodontics having achieved diplomate status. Mike thanks his wife, Marta Demski, for all of her help and support throughout the very lengthy process.

Fore! The annual West Suburban/West Side Golf Outing was another success. Fifty-six branch members enjoyed a sun-splashed summer day hitting the links. We thank Mark Ploskonka for all of his work and dedication in organizing the event and recruiting sponsors.

We congratulate Alyssa Brown, who was elected as our branch president for 2016-17. Alyssa has served on the branch board for the past seven years and has been working extremely hard preparing for the coming year. She is a natural leader with a great sense of humor. It is noteworthy that Alyssa is our branch’s first female president. Congratulations, Alyssa! We look forward to the upcoming year.

President Profile
Larry Williams Jr., DDS • WEST SIDE BRANCH

Education: Larry Williams Jr. earned his dental degree in 1982 from the University of Tennessee College of Dentistry. He is certified by the American Board of General Dentistry.

Family and Practice: Dr. Williams and his wife, Allison Getz, share three children: Stephanie Williams Crosby, Ryan Williams and William Getz.

Outside of dentistry, my interests include: carpentry, saltwater fishing, golf, Boy Scout activities, making and donating dog and cat furniture for shelters, and gardening.

When I proudly talk about our branch with new members, I tell them: the West Side Branch is a very friendly place to enjoy an evening of CE, dinner and friendship. Our branch enjoys a close relationship with both the University of Illinois at Chicago College of Dentistry and Midwestern University College of Dental Medicine - Illinois. Of course having current CDS President George Zehak as our member makes it even more special.
Cindy Satko shares news of two notable graduations in her family. Her son, Zack Gutkowski, graduated in May from the University of Kansas with a degree in engineering. Her husband, Brian Gutkowski, graduated in June from National Louis University with a master’s degree in counseling.

Now that everyone, including daughter Becky (University of Missouri, 2014), is out of school and employed, Cindy says she can cut down the money tree that is growing in her backyard that she used to fund these terrific students!

Jeff Chandler was appointed to a second three-year term on the board of Dental Lifeline Network Illinois. Dental Lifeline Network Illinois is a non-profit organization dedicated to helping the indigent, disabled and medically fragile obtain dental care from local dentists. Congratulations, Jeff. We thank you for serving such a fine organization!

NATIONAL PRACTICE TRANSITIONS℠

NPT’s FREE PRACTICE PROTECTION PLAN (PPP)

In general, following the unexpected death or disability of a dentist, practice value immediately begins to decline approximately 25% per month until a transition occurs. Unfortunately, it could be weeks before a grieving loved one contacts the appropriate professionals to begin the search, and then additional weeks if not months before a proper transition is completed. By then, the practice could have little to no value remaining.

Gain Peace Of Mind Knowing Your Practice & Family Are Protected. Contact us today for more details or to begin the process, or visit www.nptidental.com/protect!!

ORAL SURGEON: Oral Surgery Associates of Wisconsin is an expanding multi-speciality dental practice in Wisconsin that seeks a BE/BC OMS. This is a turn-key opportunity with an OMS ready to be busy from day one, and the majority of the referrals are in house so minimal marketing is needed. The OMS would primarily be working in Menasha, WI which is part of the greater Fox Cities region. The Fox Cities (generally considered to be about 20 communities with a population of about 250,000) is a great place to raise a family with fantastic school systems, great local shopping and a low cost of living. The Fox Cities are centrally located to various sporting events. Lambeau Field, home of the Green Bay Packers is a short 25 minute drive, and Milwaukee and Madison are an hour and a half away. If you are a fan of the arts, the Performing Arts Center is located in downtown Appleton. Additionally, if you are an outdoorsman, you will find the Fox Cities will more than satisfy your hunting and fishing needs. At the practice, a Sirona CBCT scanner is installed and operating. Win-OMS software is being utilized, as well as and ConMed Linvatec Hall electric hand-pieces. The scope of the practice includes routine dental-alveolar procedures, bone grafting, implants, pathology and IV sedation. Trauma call at a local hospital is available if desired. Benefits include: Sign-on bonus, relocation package, three weeks vacation, one week of CME, association dues paid, malpractice paid, health insurance paid, compensation is negotiable. Possible partnership available with cashless buy-in to the right candidate. Please send résumé to mdavis@rijdental.com.

PERIODONTIST: Seeking part-time periodontist for busy, privately owned group practice in Gurnee. Five general dentists and orthodontist in the office. Fully digital and CBCT available. Email to datermdds@dentalistry.com.

FACULTY POSITION, ASSISTANT PROFESSOR – Midwestern University College of Dental Medicine-Illinois. Midwestern University, founded in 1900, is a healthcare educational institution offering professional doctoral degrees in osteopathic medicine, dentistry, pharmacy, optometry, veterinary medicine and graduate-level degrees in 18 other health sciences programs on its two campuses in Illinois and Arizona. The College of Dental Medicine – Illinois (CDMI) is located on two Midwestern University sites in Downers Grove, approximately 25 miles west of downtown Chicago. The Academic Campus sits in a serenely wooded 105-acre setting on 31st Street while the Clinical Campus on nearby Lacey Drive is the site of the new 200,000 square foot MWU Multispecialty Clinic which accommodates our innovative patient care Dental Institute as well as the other clinical programs of the University. The total enrollment of the University is over 6,000 students with approximately 550 full time faculty dedicated to providing inter-professional education and the development of leaders in a humanistic and scholarly environment. Position Description: CDMI is seeking applications for a full-time faculty position at the rank of Assistant Professor. This faculty member is responsible for instruction, course and/or module direction and overall development of the CDMI curriculum, as assigned. Instruction includes teaching in one-to-one, small group and plenary settings; demonstration and facilitation related to clinical situations; and the use of electronic media as needed. The Assistant Professor role manages clinical situations based on the best practices model of general and evidence-based clinical care, ensures timely, sequenced, clinically acceptable and safe patient care, and renders direct care in the clinics as required by degree of difficulty or demonstration needs. The faculty member also ensures the appropriate maintenance of the patient record; ensures that OSHA and HIPAA policies and procedures are followed in the patient care clinic; and assists where needed in programs directed at improving the quality of care, student learning, patient satisfaction and clinical operations. All faculty at CDMI are expected to participate in the teaching mission of Midwestern University, to participate in scholarly activity, and to demonstrate commitment to service in the larger community. Qualifications: Candidates must possess a DDS/DMD degree and be licensed to practice dentistry in the State of Illinois. Preference will be given to those with previous experience in dental education and experience utilizing educational and simulation technology. The successful candidate will be an individual with excellent communication and interpersonal skills with the ability to successfully interact with students, faculty and patients. Apply online at www.midwestern.edu or by clicking here. Midwestern University is an Equal Opportunity/Affirmative Action employer that does not discriminate against an employee or applicant based upon race, color, religion, gender, national origin, disability, or veterans status, in accord with 41 C.F.R. 60-1.4(a), 250.5(a), 300.5(a) and 741.5(a).

BUSY, WELL-ESTABLISHED practice in Carlinville (southern Illinois) looking for general dentist to treat our growing patient base. Treat patients with the latest in diagnosing tools and materials along with highly trained staff. High income potential and benefits avail. New graduates encouraged to apply. Please send CV to drstng@bocl.com.

JANESVILLE, WI – PRIVATE PRACTICE ownership: Stepping Stone Dental Partners is recruiting two passionate and driven dentists who desire ownership of a private practice. This standalone, 9-operator office located 30 minutes from Madison and 90 minutes from Chicago, comes equipped with all the latest in dental technology, including digital X-rays, CEREC, and a laser. The office has 13 highly skilled and energetic staff and boasts over 5,800 active patients. The legacy established by the retiring doctors will stagger their transition for a short, clearly defined path to ownership. While the retiring doctors will stagger their transition for a single candidate, if you have a spouse, friend or colleague that you want to practice dentistry with, this could be the opportunity you’ve been waiting for. Visit www.steppenstonedental.com or contact braam@steppingstonedental.com to confidentially discuss this or other Wisconsin opportunities.

NEW PRACTICE OPENING: LEAD DENTIST NEEDED in Plainfield. New, state-of-the-art practice opening up in Plainfield. Join a highly successful and growing dental organization that provides full practice support, an excellent culture, 100 percent clinical autonomy, full-time benefits package and practice paid continuing education. Not looking? Refer a colleague and get paid $15,000 per full-time hire. Submit résumé to james.mills@dentalonepartners.com.

PARTNERSHIP OPPORTUNITY: Sandwich, IL (located just west of the far western suburbs of Chicago). Partnership opportunity in an established, high-quality, fee-for-service dental practice. This is an exceptional opportunity and candidate must be committed to providing optimal patient care with exceptional technical skills, strong people skills and a passion for excellence. This practice has a dynamic, experienced team and a strong emphasis on CE and professional growth. Please send a letter outlining your future objective and CV to: The Sletten Group, Inc., phone: 303.699.0990, fax: 303.699.4863, email: pam@lifetransitions.com.

PART-TIME ASSOCIATE: Our fast-paced office located in far northwest suburban location needs a part-time general dentist with the possibility of becoming full-time in the near future. We have trained friendly staff, high walk-in traffic, we compensate 33 percent on production or $700 per day minimum base salary whichever is higher. Our doctors on average make between $750-$1,500 per day. Signing bonus, paid malpractice and yearly retention bonus with the completion of each year anniversary. Email lamorthwestidental@gmail.com.

GENERAL DENTIST/SPECIALIST: Our nine opera- tory, multi-specialty and general dental group practice, located in downtown Chicago’s loop, is seeking a general dentist/specialist to join and merge their practice with our group or stay independent and space share within our office. Retirees outside their covenant not to compete boundary are welcome as well. Cross referrals within our practice is available and standard. One of our senior dentists has retired and we now have chair-time and space to accommodate another dentist. Our practice was initially started in 1911 and is well-established. State-of-the-art equipment. Computers and monitors throughout the office. Please call our office manager, Shanta at 312.922.9595.

PEDIATRIC DENTIST needed for practices in the southwest suburbs. Large patient base with state-of-the-art equipment and highly trained staff. High income potential. Send résumé to drstng@bocl.com.

A BRAND NEW CDS.ORG
The Chicago Dental Society is working to bring you a fresh new website to be unveiled this fall. Be sure to check us out at www.cds.org.

- Mobile-friendly
- Easy to place classifieds
- Easy to find members and dental locations
- Enhanced mentor-dentist interaction
- Keep your membership up-to-date online
- Quick and easy information for the Midwinter Meeting
Many dentists believe that a mid-level provider will be performing every dental procedure that they do, independent of a dentist’s direct supervision. Our members do not have a clear definition of who are “therapists” and what they will be doing. As such, the term mid-level provider raises the hackles of our members, stifling meaningful debate. Adopting “dental therapist” as an umbrella term makes sense; it encompasses current and future advanced therapists.

Whatever we call them, I believe that there can be a place for dental therapists, but only if they are under the direct supervision of a dentist.

My belief was reinforced at the Illinois State Dental Society House of Delegates meeting in 2015, when Southern District Trustee Robin Wetherall made an impassioned plea for further expansion of duties for auxiliaries. His reasons were unique (or maybe not so) to the region in which he practices – southern Illinois.

Dr. Wetherall cited a poor economy with 18 percent unemployment, four counties without a dentist and one county with only one dentist. He added that there are shortages of dentists in many of the surrounding communities, and that most dentists practicing in the area are more than 55 years old. Certainly such conditions are not as common in the CDS district.

Dr. Wetherall will not gain another auxiliary soon, but change is happening.

If we only live in the past and the present, we will miss the future.
We invite you to attend the 2016 CDS FOUNDATION WINE & ROSES FUNDRAISER

Please help support the oral health in Chicagoland communities by purchasing a ticket to the Chicago Dental Society Foundation Wine & Roses wine-tasting fundraiser.

SUNDAY 3 - 6:30 p.m.

October 30

401 N. Michigan Avenue
19th Floor Conference Center and Tenant Lounge | Chicago

Join your colleagues and friends for a fine wine experience overlooking beautiful downtown Chicago. Your participation helps provide free basic dental care to underserved communities in the CDS service area.

Early Bird Special
Tickets are $125 each when you purchase by Oct. 14. Beginning Oct. 15, the price increases to $150 each.

Order your tickets online today at on.cds.org/wnr16.
