Dear Foundation Supporter,

It is my privilege to share the successes of the Chicago Dental Foundation this past year. I just completed my 2 year term as Chair of the Foundation and I can attest to the growth that we have made as an organization in that time.

Our primary program initiative continues to be our CDSF Dental Clinic in Wheaton. Through the efforts of our dedicated volunteer dentists, care is being provided to an increasing number of patients. We continue to partner with social services agencies in the area offering a “fast track” in approval for our common patients. Our amazing clinic staff make both the patients and volunteers comfortable which makes the clinic a setting in which high quality care can be rendered in a caring environment.

We are happy to report continued funding from donors such as the Chicago Dental Society, whose leaders see the impact that can be made by supporting the mission of the CDSF. We are also very thankful for support from organizations based in DuPage County, such as the Community Memorial Foundation and the DuPage Foundation. Our work would be impossible if not for these and other organizations that support our efforts. We continue to look for other opportunities to grow our donor base and we will continue these efforts in the coming year.

In closing, I encourage you to come see the great work we are doing across the Chicago area, especially at the CDSF Clinic. I promise that you will have a rewarding experience that will make your donated time worthwhile.

Sincerely,

Dr. Michael Durbin, 2017 Chair, CDS Foundation Board of Trustees

Most recently, Dr. Laszcz oversaw the growth of the organization’s portable dental program whereby some 2,300 low income children across 31 schools were provided exams, cleanings and sealants during the nine month school year. Additionally, some 10,000 students and parents received oral health education under Dr. Laszcz’s leadership while the Portable Dental team worked at schools and health fairs.
