

Chicago Dental Society Foundation Clinic

416 E. Roosevelt Rd., Suite 102, Wheaton, Illinois
CDS.Foundation.Clinic@gmail.com

The Chicago Dental Society Foundation (CDSF) Dental Clinic will provide primary dental care at no cost to patients who demonstrate need and reside in Cook, Lake and DuPage counties.

WHERE IS THE CLINIC LOCATED? The clinic is in the Wheaton Oaks Professional Building at 416 East Roosevelt Rd, in Wheaton. This professional building is one block east of Naperville Road, and provides ample parking for both patients and volunteers in an adjacent lot. The office is also accessible by the #747 Pace bus, which also stops at Wheaton's Metra train station.

WHO WILL BE SERVED? The (CDSF) Dental Clinic serves residents of Cook, Lake and DuPage counties. Patients must have proof of residency; they must be unable to get insurance; and they must show proof of income no greater than 200% of the poverty level. The clinic manager will work closely with the health department's referral programs and urgent care clinics to serve eligible patients.

WHAT SERVICES WILL BE PROVIDED? Licensed volunteer dentists and hygienists will provide basic primary dental care aimed at alleviating pain and restoring oral health, with a holistic approach to oral health education. Treatment will be provided with compassion and cultural sensitivity in a cordial clinical setting. Services include oral examinations, prophylaxis, inter-oral and panoramic x-rays, basic restorations, and carefully evaluated extractions. Volunteer oral surgeons will be needed to accept referral cases that are outside the scope of our treatment guidelines or beyond a clinician's competence or training. Volunteers are protected by Illinois's Good Samaritan Act.

WHAT ABOUT OTHER CASES? The clinic manager will provide patients with information on referrals for more extensive dental treatment, such as endodontics, crown and bridge, replacement teeth, TMJ and orthodontics.

HOW CAN I GET INVOLVED?

- The CDSF Dental Clinic needs dentists, hygienists and assistants to volunteer just a morning or afternoon of their valuable free time.
- The Dental Clinic also needs disposable dental supplies, as well as in-kind donations of handpieces, instruments and small equipment.
- The Dental Clinic also needs donations to support our operations. The CDS Foundation Clinic LLC is a charitable 501(c)(3) tax-exempt organization.
